## LIST OF DOCUMENTS

These documents are needed for authorities, insurance companies, and for the funeral arrangements:

- Identity card of the deceased
- The birth certificate (when the deceased was unmarried)
- Health insurance card
- Marriage certificate (if she or he has been married)
- Marriage certificate or divorce certificate
- A bank statement or pension number, a company pension number ( the VBL number or pension number)
- Certificates of insurance if pension, life, or death insurance existed
- The tombstone card - in case a family niche already existed
- In some cases, the financial means of the deceased are not sufficient for the funeral. The State bears the costs of a social burial. We are happy to support you in this situation.
